History

Legal Aid Service of Broward County, Inc., a 501(c)(3) non-profit organization, began providing legal services to residents of Broward County in 1973. For 31 years, LAS was the only law firm in Broward County providing free civil legal services to the under-privileged.
Legal Aid Service of Broward County provides critical assistance to low-income, vulnerable, and marginalized populations in Broward County. We protect and defend the legal rights of families, children, veterans, and underserved populations. Although there is no fee for any of Legal Aid Service of Broward County’s services, clients must qualify for different programs. Financial eligibility is based upon the income and assets of individuals in a household. Intake para-legals assist clients in completing an application to determine eligibility for services.

Every year Legal Aid Service of Broward County provides critical assistance to thousands of individuals who could otherwise not afford legal representation. We strengthen our community by stabilizing families in crisis, opening pathways to justice, and encouraging social and economic growth.
